**Manuscript title: The old-age security motive for fertility: evidence from the extension of social pensions in Namibia**

**Author: Mathilde Godard**

I acknowledge financial support from CEPREMAP.

I certify that I have no other affiliations with or involvement in any organization or entity with any financial interest (such as honoraria; participation in speakers' bureaus; membership, employment, consultancies, stock ownership, or other equity interest; and expert testimony or patent-licensing arrangements), or non-financial interest (such as personal or professional relationships, affiliations, knowledge or beliefs) in the subject matter or materials discussed in this manuscript.

No IRB approval was requested for this project since we are using secondary, publicly available data without personally identifiable information.

A handwritten signature in black ink, appearing to read 'M Godard', with a stylized flourish at the end.
