

Visit OECD  
at booth #213

## OECD DATA ON DISKETTES

Much of the data the OECD publishes in printed form is also available on diskettes, in both 3½ and 5¼ inch format. Currently we provide more than 20 different sets of data, four of which are described below. For more information on the OECD Data on Diskettes (and all our publications) stop by our booth #213.

### OECD Economic Outlook

A twice yearly source of timely statistics for OECD Member countries. Includes projections for output, employment, prices and current balances over the next two years, and historical statistics going back to 1976.

One year subscription: \$400.00.

### Main Economic Indicators

Issued monthly. The main source of timely statistics for OECD Member countries. Presents statistics and/or indicators for GNP, industrial production, construction, employment, labor costs, wages, foreign trade and balance of payments.

One year subscription: \$1250.00.

### Energy Prices and Taxes

Issued quarterly. Provides energy prices on all levels: import prices, industry prices and consumer prices and covering main petroleum products, gas, coal and electricity. Sources and methods as well as a description of price mechanisms in each country is included.

One year subscription: \$700.00

### World Energy Statistics

A yearly compilation of production and consumption covering the non-Member countries of the OECD and including all major sources of energy. Provides energy data and balances for more than 80 countries. A valuable reference tool for every researcher in need of statistics on energy.

One year subscription: \$425.00
