Dear Editors,

With regards to the manuscript “Steering the Climate System: Comment”, which I co-author and would like to submit for publication in the *The American Economic Review*, I declare that I have no relevant or material financial interests that relate to the research described in this manuscript. An IRB approval was not obtained because the research does not involve any experiments.

Yours sincerely,

A handwritten signature in black ink, appearing to read "D. Matthews". The signature is fluid and cursive, with the first letter of the first name being a large, stylized 'D'.
