

Disclosure statement to accompany 'Maternal Dengue and Health Outcomes of Children'.

Lívia Menezes

The research received funding through the Economic and Social Research Council grant # ES/N017706/1 (£140,101). There are no other sources of funds, financial or in-kind, beyond this funding from any interested party.

Access to the data for this study was provided by the Brazilian Ministry of Health, and the State Secretariat of Health in Minas Gerais. An anonymised version of these data will be made available for publication alongside the code to prepare the data and all results in the paper.

We have received IRB approval by the Research Ethics Committee of the University of Leicester (reference number: 1666-mk332-economics) for this research.

I have nothing else to disclose that relates to the research described in this paper.

07/06/2023

A handwritten signature in black ink, appearing to read 'Livia Menezes', with a small flourish at the end.
