American Economic Association Disclosure Statement regarding “Transparency, Reproducibility, and the Credibility of Economics Research”

No funding was provided specifically for this article.

The Laura and John Arnold Foundation, John Templeton Foundation, William and Flora Hewlett Foundation, National Institutes of Health, and an anonymous donor provided grants to fund the general work of the Berkeley Initiative for Transparency in the Social Sciences (BITSS) and the author in the recent past, though none of this funding specifically provided for the writing of this article, nor did they review the article nor have any influence over the decision to publish.
