

Disclosure Statement for the article

**Long-term effects of preschool subsidies and cash transfers on child development: Evidence from Uganda**

The research described in the submitted manuscript was funded by:

- Research Council of Norway grant numbers 274557 and 262675.
- Private Enterprise Development in Low-Income Countries (PEDL) grant number MRG 5491.
- German Institute of Labor Economics' Growth, Gender, and Labour Markets in Low-Income Countries (IZA-G2LM) research initiative grant no GA-5-544.

The study was approved by the Ethics Committee of Bocconi University (Protocol No. 73860-3 1/10/2018 and 3913-8 07/02/2019) and NHH Norwegian School of Economics (04/19).

I have not received any financial support in the form of consultant fees, retainers, grants and the like from any interested party, where an "interested" party is any individual, group, or organization that has a financial, ideological, or political stake related to the article.

I do not hold and have not held any paid or unpaid positions as officer, director, or board member of relevant non-profit organizations or profit-making entities. A "relevant" organization is one whose policy positions, goals, or financial interests relate to the article.

The above disclosures also apply to any close relative or partner of mine.

No other party had the right to review the paper prior to its circulation.

  
Kjetil Bjorvatn
