

## **Disclosure Statement for**

### **“Who is Financially Constrained in their Choice of Contraceptive Method? Lessons from M-CARES”**

The M-CARE study was generously supported through grants awarded by Arnold Ventures and the NICHD (R01HD100438). The study team gratefully acknowledges the use of the services and facilities of the Population Studies Center at the University of Michigan (P2C HD04128) and the California Center for Population Research at UCLA (P2CHD041022). Bart was supported by an NICHD training grant to the Population Studies Center at the University of Michigan (T32 HD007339).

Dr. Vanessa Dalton receives funding from the National Institutes for Health (NIH), the Society of Family Planning, the Michigan Department of Health and Human Services, and the Women's Health Innovation Funds. She is a paid contributing editor for the Medical Letter and an author for Up-To-Date. She has served as an expert witness for Merck and has participated on study sections for the NIH and ARHQ.
