Parenthood and Academic Career Trajectories

The author declares that she has no relevant or material financial interests that relate to the research described in this paper.

This paper is made possible by the support of the European Economic Association's funding scheme on Career Structures in Economics (the total amount of funding was 20,000 euros). The funding scheme did not influence the findings nor require reviewing the results of the study prior to their dissemination.

A handwritten signature in black ink, appearing to read 'R. Ivandic', with a stylized flourish at the end.

Ria Ivandic
