Disclosure Statement

Funding for “Women’s Suffrage and Children’s Education” was provided by two sources. First, we received a All-UC History Grant for the digitization of publicly available historical Mortality Statistics files. Second, we were awarded a Sam Taylor Fellowship for the digitization of publicly available city level data from the Report of the Commissioner of Education and Biennial Survey of Education.

The rest of the data for this project are publicly available at no cost to the researchers. No review is required prior to dissemination of the results.

I declare that I have no relevant or material financial interests that relate to the research described in the paper.

Sincerely,
