

# Disclosure Statement

Manuscript: Removing welfare traps: Employment responses in the Finnish Basic Income experiment

Author: Jouko Verho

Statement: I have received funding and data access for this project from the Social Insurance Institution of Finland.

IRB approval: No approval was obtained because the analysis is based on register data that do not require the review of the ethics committee in Finland, see Finnish National Board on Research Integrity (2019). No approval was needed for the experimental design as it was accepted by the Constitutional Law Committee (PeVL 51/2016 vp) and passed as an act of Parliament (HE 51/2016).

A handwritten signature in black ink, appearing to read 'Jouko Verho', with a long horizontal flourish extending to the right.

Jouko Verho

Helsinki, 31 March 2021
