

**Katherine Baicker, PhD**  
Dean  
Emmett Dedmon Professor

June 15, 2021

DISCLOSURE STATEMENT

To Whom It May Concern:

I currently serve on the Boards of Directors of the Mayo Clinic, Eli Lilly, the Chicago Council on Global Affairs, and NORC. I serve on Advisory Committees for the Congressional Budget Office, Humana, and the National Institute of Health Care Management. I have previously served on the Medicare Payment Advisory Commission and the Group Insurance Commission of Massachusetts.

I do not believe that these activities have any direct bearing on the research presented in our paper, *Out of the Woodwork: Enrollment Spillovers in the Oregon Health Insurance Experiment*, but disclose them because of the potential risk of appearance of conflict. Our research was funded by multiple grant sources, listed on the manuscript.

Sincerely,

A handwritten signature in blue ink, appearing to read "Katherine Baicker". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Katherine Baicker
