AEJ:Economic Policy - Disclosure Statement

Dear Editorial Board,

I am writing to submit a Disclosure Statement for my co-authored paper “Killing Prescriptions Softly: Low Emission Zones and Child Health from Birth to School” for publication at the American Economic Journal: Economic Policy.

I declare that I have no relevant or material financial interests that relate to the research described in this paper.

We did not seek IRB approval for this project as it is based on previously collected data and thus falls outside of the scope of what constitutes human subjects research.

Sincerely Yours,
